RE: St. Michael Health Clinic – Reprogramming Denali Commission Funding – Project No.  
0015-DC-2000-I4b

Dear Commissioner Sedwick:

Enclosed are three copies of the St. Michael clinic Financial Assistance Award termination documents and Joint Project Agreement documents. As originally conceived, the Norton Sound Health Corporation was to provide project management for the St. Michael clinic. In order to accomplish this, Commission funding was to be provided to A-DCED to supplement an existing A-DCED grant to St. Michael. However, the community of St. Michael subsequently requested that the Alaska Native Tribal Health Consortium (ANTHC) manage the project. This decision was based upon a historic working relationship developed between ANTHC and the community through the provision of sanitation facility projects. Consequently, we have amended the funding documents to reflect this community request and Commission funding will not be provided to A-DCED, but rather to ANTHC.

If the conditions of reprogramming Commission funding from A-DCED to ANTHC, as presented in these documents, are acceptable to you, please sign all three original 0015-DC-2000-I4b-Termination documents and all four copies of the Amendment No. 1 to the Joint Project Agreement. Please return two of the signed Termination documents and retain the third for your records. Please return all of the Joint Project Agreement documents. When all parties have signed the Agreement, an executed copy will be provided to A-DCED.

You may call me at the numbers provided above, or call Mr. Joel Neimeyer from my staff at 271-1459, if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Staser".
